eral Funston.

Tampico was under bombardment by
the Constitutionalists the entire day. Admiral Mayo, commanding the American ships lying off that port, reported that artillery fire had been in progress since 9 o'clock this morning. Whether the Federals or Constitutionalists were gaining was not stated. The British consul, whose nationals are heavily interested at Tampico, dur-ing the day ordered another warship to reinforce the British squadron in vican waters, the cruiser Bristol civing sailing orders for Tampleo, the slip carries a crew of nearly 'men, and her light draft would men, and her light draft would all her to run up the Panuco River Campico, and, if necessarry, land to protect British oil wells, small squad of marines from the and cruiser Kortenaer is ashore he Holland owned wells, accordito reports which are operated by and representatives.

Had Tuberculosis of Glands--Now Well

Glandular Tuberculosis has yielded to Eck-man's Alterative when other remedies falled, Read what it did in this case; 257 Lauriston St., Philadelphia, Pa. "Gentlemen,—In March, 18-9, my doctor pronounced my case "Tuberculosis in the Glands," and a number of operations in a hospital failed to benefit me. In the meantime a friend of mine advised Eckman's Alterative. The wounds in my neck were still open and in a frightful condition when Istarted to take it. After using two bottles i found i was improving, having gained weight, could ent and was able to sleep. I continued using it until I was well. On November II, 1949, I started to work, and since that time have not lost one days work through sickness. I highly recommend Eckman's Alterative to any one who is suffering from Tuberculosis."

(Affidavit) JOSEPH B. WHITE, Eckman's Alterative is most efficacious in (Affidavit) JOSEPH B. WHITE. Eckman's Alterative is most efficacious in branchiai catarrh and severe throat and impartains no harmful or habit-forming drugs. Accept no substitutes fold by Tragle Drug Company and other leading drugglists. Write Eckman Laboratory, Philadelphia, Pa., for bookiet of recoveries.—Adv.

situation in Virginia is better now than it has been at any time in the ast two or three years, and that the State Board of Heath regards conditions as very satisfactory.

For many months Dr. W. A. Brumfield and Dr. Roy K. Flannagan, of the State Health Department, have been pressing a compater of extending the pressing the

field and Dr. Roy K. Flannagan, of the State Health Department, have been pressing a campaign of extermination in all infected sections of the State. In some neighborhoods the provalence of smallpox during the winter months was sufficient to almost approximate an epidemic. Fortunately, in nearly every instance the disease appeared in its mild form, but while this was a source of relief to the health authorities, it hindered their efforts to impress upon the public the need for wholesale vaccination.

"Thanks to the generosity of the last General Assembly," said Dr. Freeman yesterday, "the department is now able to put into the field a larger staff of workers than ever before. It is able to answer promptly and efficiently any calls."

The change in the weather which brought about normal temperatures

brought about normal temperatures in most parts of Virginia has aided materially in the reduction of the smallpox scourge. Warm weather is the fee of the dread disease.

State Health Commissioner Ennion G. Williams has gone to Nashville,

CHRISTIAN EDUCATION

Dry, moist, scaly tetter, all forms of eczema or salt rheum, simples and other eruptions come from humors, which may be either inherited or ac-Aged Man Instantly Killed.

Norfolk, Va., May 12.—Robert A. Courtenay, of St. Johns, N. F., was instantly killed at the Norfolk Navy Yard this afternoon when a piece of oak timber, twelve inches by twelve, was knocked from a pile of timber, which he had been inspecting, by the arm of a traveling crane, and fell on his head. Mr. Courtenay was the father-in-law of Captain D. J. Hargraves, of the Merritt & Chapman Derrick and Wrecking Company, and came here to live several weeks ago. He was about seventy years old. quired through defective digestion and

To treat these eruptions with drying medicines is dangerous.

YOUR FACE OR BODY

Ask your druggist for Hood's Sarsaparilla. It helps the system discharge the humors, and improves the diges-tion and assimilation. It goes to the roots of diseases. Get it to-day.—Adv.
